

Making new words

Some words are made by adding two words together. Can you help the animals do these word sums to make new words?

sun

+

flower

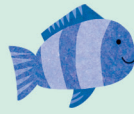

=

sunflower

star

+

fish

=

tooth

+

brush

=

Can you do the next one?

Draw a line between two words that make sense when you put them together. Then write the new word you've made.

straw

snow

cup

cake

berry

flake

___ cake

___ berry

___ flake

Twit twoo!

Words made by joining two words together are called compound words.
