MANGARA DECO
ANAGRAM CODE

Can you understand the title on the left? It should read 'anagram code', but the letters of each word have been jumbled up.

Messages turned into anagrams have had the order of the letters in each word scrambled. The messages are even harder to decipher when the order of the words is mixed up too.

Read the messages below and find out what each one says.

1. KAFE DAN BREAD A GWI.

2. NDA THA KARD SLASGES.

3. PLMI A KLAW WHIT.

4. CLAKB YEE NAD ILNGS.
